

Secret

White Sea

How deep can it hurt?
Try to slow your breathing
You'll only make it worse
Living in a blur
Is it like a stone?
And when you try to shift the weight
It leaves you less than whole
Maybe it's your turn
To let the city burn
Secret

I know your secret
Tell me we don't have to pay
Such an ultimate price
For just a secret
Let's bury it tonight Silently at war
It's like my face is changing
And I'm far from capable
Of laughing anymore
Lost out in the stars
Floating like an alien
That can't get home no more
Maybe it's the way
To end it all today
Secret

I know your secret
Tell me we don't have to pay
Such an ultimate price
For just a secret
Tell me we don't have to pay
Such an ultimate price
For just a secret
Let's bury it tonight Lost out in the stars
Floating like an alien
That can't get home no more
