

# I'm Not the One

## The Black Keys

I've been tried  
And I've been tested  
I was born tired  
I never got arrested Harder than  
Marble stone  
I'm better off  
Better off left alone 'Cause I'm not the one  
No, I'm not the one  
You wanted it all  
But I give you, give you none  
No, I'm not the one Well, like a toy  
To a kid  
I said jump  
And mama, you did And you know  
Your daddy knows  
And your mama knows  
That's wrong  
So now it's time  
For me to move on Because I'm not the one  
No, I'm not the one  
You wanted it all  
But I give you, give you none  
I'm not the one No, oh no, no  
I'm not the one  
No, oh no, no  
I'm not the one And you think  
That I'm normal  
All these years  
I'm just trying to warn you But you do good  
To move on  
No, it won't, it won't  
Hurt me none Because I'm not the one  
No, I'm not the one  
But you wanted it all  
But I give you, give you none Because I'm not the one  
No, I'm not the one Yeah  
Oh  
No, I'm not the one No, not the one for you  
Not the one

Not the one  
Not the one
