

Stay in the Light

Honeymoon Suite

I wake up in the morning, sky is gray and storming
Building, bridges and city streets, still as ugly as yesterday
They used to tell me anything, just to sell me
But I learn quick when I have to
I wanna say it to ya, I wanna say it, I wanna say
Stay in the light and keep your target in sight
Don't listen to fools on the run
Stay in the light and keep your target in sight
Don't listen to fools on the run I can look up to you, I will look right through you
I see just what I wanna see, things are easier that way
I stand alone but I still need a home
I'm just playin' along in this waiting game
The waiting game, the waiting game
Stay in the light and keep your target in sight
Don't listen to fools on the run
Stay in the light and keep your target in sight
Don't listen to fools on the run, fools on the run
Stay in the light and keep your target in sight
Don't listen to fools on the run
Stay in the light and keep your target in sight
Don't listen to fools on the run
Stay in the light and keep your target in sight
Don't listen to fools on the run
Stay in the light and keep your target in sight
Don't listen to fools on the run
Stay in the light and keep your target in sight
Don't listen to fools on the run
