Afterglow

INXS

Here I am, lost in the light of the moon That comes through my window Bathed in blue, the walls of my memory divides The thorns from the roses, it's you and the rosesTouch me and I will follow in your afterglow Heal me from all this sorrow as I let you go I will find my way when I see your eyes Now I'm living in your afterglowHere I am, lost in the ashes of time But who wants tomorrow? In between the longing to hold you again I'm caught in your shadow, I'm losing control My mind drifts away, we only have todayTouch me and I will follow in your afterglow Heal me from all this sorrow as I let you go I will find my way, I will sacrifice 'til the blinding day when I see your eyes Now I'm living in your afterglow When the faith has gone as I let you go, as I let you goTouch me and I will follow in your afterglow Heal me from all this sorrow as I let you go I will find my way, I will sacrifice
