Strawberry Jam

Michelle Shocked

Saturday morning found me itching
To get on over to my grandma's kitchen
Where the sweetest little berries was cooking up right
And then we'd put them in a canning jar and seal them up tightWe were making jam
Strawberry jam
If you want the best jam
You've gotta make your ownWe have Smucker's, Welches, Knotts Berry Farm
But a little homemade jam never did a body no harm
A little local motion is all that we need
To close down these corporate jam factoriesWe have a little revolution sweeping the land
Once more everybody's making homemade jam
So call your friends up on the telephone
Invite 'em over, make some jam of your own
