

I'm a Stranger

Charlie Musselwhite

Some people ask me, what does a stranger, stranger do?
Well, some people ask me, what does a stranger, stranger do?
Well, a stranger wears ragged clothes
And stuffs newspaper in his shoes Well, I'm a stranger, I'm a long way from home
Yes, I'm a stranger, baby and I'm a long way from home
Well, because I'm a stranger
People wanna try to do me wrong, do me wrong What you gonna do, baby, when your troubles get like mine?
Well, what you gonna do, baby, when your troubles get like mine?
Well, I know you wanna go spend all my money
Shake and stitch up all the chance Yes, I'm just a stranger and I'm just shifting through your channel
Well, I'm just a stranger, baby and I'm just passing through your channel
Well, now you know, just because I'm a stranger, baby
And all your fears want to dog me around
