

Family System

Chevelle

Huh, huh, huh I'm tired of your open mouth
Crawling inside my skin
Endless pain we never quit
The fight within the pride's begun
Sayin' it's too late
What a man's got, he'll learn to hate
(Hate) Aah Forget the time I said, "I would"
Replace that with I never will
Beyond the facts held in your face
Ignore the facts beyond your nose
Sayin' it's too late
What a man's got to learn to hate
(Hate) Grow up Not without meaning
No response, no revealing Aah, aah, aah
Just grow up
Wrong
Wrong
Wrong
Wrong Ahh
