When a Man Dies a Woman

Amen

Well, I freak down, every time I get near you
I just sit and watch your demise
'Cause I just kick now every time I get near you
Empty jars of blood and flies'Cause I just tear myself in two
Every time I look at you
All I see are the lies'Cause I'm a freak now, every time I'm near you
Every day of the week,
Well, I'm the freak
Yeah, I'm the freak
Oh, I'm the freak now, freakIf you could understand
When a man dies a woman
If you could hold the head
When a man dies a woman
Freak itBring me the heads of your disgrace
And the smack of your embrace
I just clip the wings for birth and rape
'Cause I bleed like you and your thighs
[Incomprehensible]'Cause I'm a freak now every time I see you
Everyday of the week
Oh, I'm the freak yeah
I'm the freak
Freak now, freakIf you could understand
When a man dies a woman
If you could hold the head
When a man dies a womanWell, freak it
Freak it
Freak it
Freak it
Freak it now
Now, now, nowIf you could understand
When a man dies a woman
If you could hold the head
When a man dies a womanWhy can't you understand?
That you got to bleed like you're woman
'Cause I just cut you by the slain
When a man dies a womanWell, freak it
Freak it
Freak it
Freak it

Freak it now
Now
Now
Can't you understand?
