

So Much More

Sherry Lynn

Na na na na na na na Pulled that el Camino over
I'm standing at the great divide
Staring out the window
At my small town city limit sign My whole life I've always turned around
But I'll never get out if I don't get out now I need so much more see what this big world has in store
I need to break away point those taillights at yesterday
This small town girl ain't small town anymore... No
I need so much more Na na na na na na Na na na na na na The sand between my toes sounds nice
I might head down to the keys
But those city lights are calling
So I just might chase those Nashville dreams My whole life I've always thought twice
So on second thought I think I've finally got it right I need so much more see what this big world has in store
I need to break away point those taillights at yesterday
This small town girl ain't small town anymore No
Well I need so much more Na na na na na na Na na na na na na Right now the answers that I need are not
quite clear
But the one thing that I'm sure of is I won't find them here I need so much more see what this big world has in
store
I need to break away point those taillights at yesterday
This small town girl ain't small town anymore
No this small town girl ain't small town anymore
Yeah I need so much more Na na na na na na yeah Na na na na na na
Na na na na na na Na na na na na na
