In Accordance to Natural Law

Bikini Kill

Advisory - the following lyrics contain explicit language:

"all men are evil
except my boyfriend"---
said the sound of the spectacle.
I read it in a fanzine
it wasn't even in a
big
dumb
glossy
magazine.
everything
everything
everything we ever said,
everything
everything
everything might have done,
well, none of that means shit anymore--
we contradicted ourselves.
I guess we're all hypocrites
just 'cause we like to
get our kicks
in this
one
way
sometimes--
you tell me.
