Bouncer

The Snipers

Going to the kinghts of pythia hall
thrashing the goonds and having a ball
slamming in the living room dancing in the hall
in comes the bouncer adn kicks me in the ballswe don't want you
we don't need you
for what, why I didn't mean to hurt that guy
don't give us hassle 'cause we gave you lip
don't push us around 'cause you don't dig our trip
we don't need your fucking shit
and we know Tony will take care of it
[Chorus]
don't push us around 'cause you think you're boss
don't try to kick out John Haas
don't you know that rules are lost
and we don't wanna get tossed
