

# Stop the Clock

Tonio K.

Someone could have saved the day  
But who'd have guessed it, who could know  
Just how fast the time would go?  
Someone should have shot that pictureOh, stop the clock  
Stop the clock  
Stop the clock foreverSomeone could have loved you better  
Someone should have been the one  
But hearts get broken, homes get wrecked  
The world's still fallen I expect  
Still, someone could have loved you betterOh, stop the clock  
Stop the clock  
Stop the clock foreverOh, stop the clock  
Make it stop  
Stop that clock forever  
When will it end?Someone take this clock and break it  
Stop the world and then remake it  
Stop the sorrow, dry the eyesGod knows how but someone try  
Someone take this clock and break it  
Take this heart and then remake itOh, stop the clock  
Stop the clock  
Stop the clock foreverOh, stop the clock  
Make it stop  
You know it's now or never  
When will it end
