

Sharp Sand

Voodoo Six

Why you say the things you say?
I'll never know I need you so
Why you play the games you play?
I'll never know cos I need you soRunning around in your sharp sand
Running around don't know where I am. Feels so wrong
Feels so wrong
Running around in your sharp sand
Running around don't know where I am. Feels so wrong
Feels so wrongNo, I'm the one who sees your loving heart's disease. I do
Oh you know I do
And every time we're making love feels just like we're making up
Only making upRunning around in your sharp sand
Running around don't know where I am. Feels so wrong
Feels so wrong
Running around in your sharp sand
Running around don't know where I am. Feels so wrong
Feels so wrongI hope you find, I hope you find your way
Yes, I hope you find, I hope you find your wayRunning around in your sharp sand
Running around don't know where I am. Feels so wrong
Feels so wrong
Running around in your sharp sand
Running around don't know where I am. Feels so wrong
Feels so wrong
