

# I Keep It Hid

Glen Campbell

Deep down inside I know I still lo-ove her  
But she'll never know 'cause I'll never tell  
Or confide that I'm thinkin' o-of her  
And wishing her well  
I can't walk up to her and say to her  
Baby, just what you been do-oin'  
I still love you like I did  
You-ou know that nothing's really changed  
But bein' the way I am  
I keep it hid  
Now lately I've seen the look in her-er eyes  
That just breaks my heart'Cause she-e needs me so  
Just to lean on right at this moment  
Oh why can't I go up to that old love of mine and say  
Baby, just what you been do-oin'  
I still love you like I did  
You-ou know that nothin's really changed  
But bein' the way I am  
I keep it hid  
Now maybe some day I'll throw off my foolish pride'Cause this ain't no good  
Watching her dying this way'Cause she's the same girl inside  
But why can't I go up to that old love of mine and say  
Baby, just what you been do-oin'  
I still love you like I did  
You-ou know that nothin's really changed  
But bein' the way I am  
I just keep it...
