Locked Down

Dr. John

Ah, ah, ah, ah
Ah, ah, ah, ah
The reckless so long
Just ...buzzed me wrong
If you can stress that like a robber check
They'll be getting at the side of your neck
Either from the bottom or the dead
My nigger won't ... the projects
Don't play ... like you do...Locked down, locked down!
Ah, ah, ah, ah
Ah, ah, ah, ahLong way from home, walking too soon
Because of that broken we're strong
He says ... getting all clear
Oh, a . too much for the population
Don't plan no. at me like you do...Locked down, locked down!
Ah, ah, ah, ah
Ah, ah, ah, ahBuilt invisible everybody
Price of death comes here cheap
Robbing soul in a... with a straight cat
Like I call you rat ...
Don't plan no figure out here like you do
No . back at youLocked down, locked down!
Ah, ah, ah, ah
Ah, ah, ah, ah
