Carry You

The Fire Theft

Carry you in my breath
I'm going nowhere
Waiting for the future to beginEvery single step is just another reason
To forget who I've become
Carry you with all my regretHow can you change your mind
After all the dreams that we once shared?When will I disappear into the day's design?
Ever being, always seeing, never dying
Wrapped around a rain cloud that passes the sky
Just moving onCarry me in your breath
I've never needed anything but love, broken love
Carry me with all your promiseHow can I turn away
After all the things that we once shared?
Never wanted to throw it awayPretending that you were never my friend
I can no longer stumble around
Reaching for a dream that could have beenWhen will we disappear into the days design?
Ever being, always seeing, never dying
Wrapped around a rain cloud that passes the sky
Just moving on
