Johannah

Mishka

Oh, Johannah, na, na, na
Oh, Johannah, na, na, naI come to you girl in the middle of the night
Yes, I come to you girl 'cause you make me feel alright
You could bring me down to earth when I'm higher than a kite
So I come to you girl, only hoping that you mightLet me in through your window
Let me in through your window'Cause you know I've got to go
Yeah, you know I've got to go, oh ohI've gotta go, I've gotta go
I've gotta go
I've gotta go, I've gotta go
I've gotta goOh, Johannah, na, na, na
Oh, Johannah, na, na, naYou paint the pictures of what's going on inside
You draw me to you like the moons draws the tide
Yeah, it seems so natural, whenever we collideLet me in through your window
Let me in through your window'Cause I need a little warmin'
Baby, hold me till the mornin'When I've gotta go, I've gotta go
I've gotta go, yeah
I've gotta go, I've gotta go
I've gotta goWay out on the ocean
Over the horizonOh, Johannah, na, na, na
Oh, Johannah, na, na, naOh, when the time arrives, I hold you tight
I just can't let go
Yeah, when the time arrives, I hold on tight
'Cause I can't let goWay out on the ocean
Way out on the oceanOh, Johannah, na, na, na
Oh, Johannah, na, na, na
