Fuck The Police

Sodom

New age rebellion, anarchy
Intoxicated with injustice of law
Sneaking lifes, mental decay
Practicise subversive dirty needs
No acts of grace, stand up and fight
You are their slave but never questioned why
Born on your knees, don't give a shit
You are remote controlled but who is to blameFuck the policeBlaze of anger, deaf and blind
The enemy that overshadows us all
Out of control, disrooted minds
The final judgment and the final day will come
Too much pressure, to much power
Until the point of no return
Interwar period, martial games
To find out what they try to ignoreEternal lies, visions of change
When the dreams of freedom awake
Methods of greed, bleeding hearts
An easy target for the one with the gun
Empty promises, better left unsaid
Illusions shattered by mendacity and hate
Supremacy, hungry to kill
No more effectual fervent supplication
