Lost In the Plot

The Dears

Take me for drive to the coastline
Pull me to the depths of the sea
Leave me in the middle of the ocean
I can walk the rest of the wayAnd I promise not to cry anymore
All the reasons beat the crap out of me
Everyday when I wake up, they are waiting
But, I promise not to cry anymore'Cause, it's the same old plot these days
Oh, it's the same old plot these days
Oh, it's the same old plot these days
Oh, it's the same old plotOur love, don't mess with our love
Our love is so much stronger
Our love, don't mess with our love
Our love is so much strongerOur love, don't mess with our love
Our love is so much stronger
Our love, don't mess with our love
Our love is so much strongerOh, it's the same old plot these days
Oh, it's the same old plot these days
Oh, it's the same old plot, same old plot
Same old plot these daysOh, I promise not to cry
Oh, I promise not to cry
Oh, I promise not to cry anymore
