

2 Late

The Cure

So I'll wait for you
Where I always wait
Behind the signs that sell the news
I'll watch for you like yesterday And hope for you
One day that once
Spent out on me
And up 'til late
I search for you Your hat pushed straight
Away from me
Your measured step
Heads up you win
Always 2 late If I could just once catch your eye
Invisible against the words
That hold you down in solitude
And never let you go
