Falling For You (Cinderella Story Soundtrack)

Busted

Semesters coming soon
So I would like to mention
I woke up in my room
Alone you're always welcome
Next week my mum's away
So now my futures brightened
I'd ask to have you stay
If I wasn't so frightenedI'm
I'm really falling for you
I hate what you're putting me through
What have you done to me now
I just can't sleep at night
My bed is wet don't know how
Will someone please turn out the lightYou showed up at my door
Just like in a teen movie
I said are you the whore
I paid to come and fuck me
I guess she found it funny
When I said hello honey
A piercing in her belly
It turned my legs to jellyI'm
I'm really falling for you
I hate what you're putting me through
What have you done to me now
I just can't sleep at night
My bed is wet don't know how
Will someone please turn out the lightYou're taking over my life
But I don't seem to mind
There is no stopping you
From taking me on a rideI'm
I'm really falling for you
I hate what you're putting me through
What have you done to me now
I just can't sleep at night
My bed is wet don't know how
Will someone please turn out the light
Will someone please turn out the light x 2
