Pay No Mind (DJ Taucher Remix)

Culture Beat

Text: Kim Sanders
Music: Peter Grber, Nino Tielman, Kim Sanders
I use to believe in something
I thought it was me and you
that we could fulfill a lifetime
and live as lovers do
I was wrong
Chorus:
I'll pay no mind
I'm leaving it all behind
I won't ask you what you feel no more
I won't ask you what you feel no more
I'll just pay no mind
I'm letting it go this time
'cause I realize I've come so far
if I start to wonder where you are
I'll just pay no mind
the first couple steps were fragile
till I got on my feet
felt I was walking sideways
looking for my release
lovers come and they go
when they leave
you'll never know
instead of a review
tell you what I'll do
Chorus
I'm still writing love songs
'bout something that's passed me by
I know that I'm stronger
you think that's a lie
but you're wrong
Chorus
