

Keep Holding On

Marvin Sapp

Tell your neighbor keep holding on
Uh, uh, uh, come on, come on, come on, come on, come on
(Keep holding holding holding on, keep holding holding holding on, on
holding holding, He will do just what He said)
Don't let your problems get you up tight (No)
Because everyone faces some hard times
Don't be discouraged, don't be afraid
He will bring you to a brighter day, say
The enemy is always standing by, you know he's gonna to fill your head with lies
Don't you believe it, Just know His word is true
(He will do just what He said)
So don't give up
(keep holding holding on believe)
Just believe it's gonna get better (by faith)
Have faith he'll turn it all around (don't give up)
(He will do just what He said)
If you could only see what God sees
You'd get excited about your destiny (hey)
It's full of promise (hey), full of victory
Don't you worry, He's has all you need (oh)
Go on and praise his name right now (on the way)
It's on the way, just know it now
Don't give up on it, just know His word is true
(He will do just what He said)
So don't give up
(keep holding holding on believe)
Just believe it's gonna get better (by faith)
Have faith, He'll turn it all around (don't give up)
Just keep a holding on, holding on
(keep holding holding on believe)
Just believe it's gonna get better (by faith)
Have faith, He'll turn it all around
(He will do just what He said)
If you could only believe in His word y'all
(trust in what He said)

Trust in what He said, no He'll make a way for you
He'll open doors, you can not open
Give you a new start, and He'll give you a brand new heart

(For He can do all things, He's sovereign and faithful)

To His word

(I know it's true)

If He did it for me (yeah), He will do it for you

(He will do just what He said)

So don't give up

(keep holding holding on believe)

Just believe it's gonna get better (by faith)

Have faith, He'll turn it all around

(Don't give up)

Keep holding holding on

(keep holding holding on believe)

Just believe it's gonna get better (by faith)

Have faith, He'll turn it all around

(Don't give up)

Keep holding holding on

(keep holding holding on believe)

Just believe it's gonna get better (by faith)

Have faith, He'll turn it all around

(Don't give up)

Just keep holding holding on

(keep holding holding on believe)

Just believe it's gonna get better (by faith)

Have faith, He'll turn it all around

(Don't give up)

(keep holding holding on)

(keep holding holding on believe)

Just believe it's gonna get better (by faith)

Have faith, He'll turn it all around

(Don't give up)

So keep holding, holding on (believe)
