

# The Circle

Adam Lambert

you turn  
just to spite me  
you run  
where i can not see  
you walk  
all over me  
but you won't  
you won't  
you know  
what you'll never be  
you show  
all your pleasantries  
you'd love  
to lash out at me  
but you won't  
no you won't  
everytime i hear the sound  
of footsteps walking up to a door  
i turn around and i don't see your face  
inside my mind anymore  
the circle is now complete  
the loser admits defeat  
they're taking us by surprise  
no one will realize  
you want  
what you can't possess  
you love  
  
for me to confess  
you said  
that you were the best  
but you're not  
no you're not  
turn the spinning wheel  
and tell me i'll do it  
it's nothing at all  
slipping through my fingers  
losing grip and i  
can see that you fall

the circle is now complete  
the loser admits defeat  
they're taking us by surprise  
and no-one will realize  
the circle is now complete  
the boundaries are obsolete  
they read in between the lines  
no-one will realize  
the circle is now complete  
the loser admits defeat  
they're taking us by surprise  
no one will realize  
the circle is now complete  
the loser admits defeat  
they're taking us by surprise  
no one will realize  
turn to spin the wheel  
and turn me out to where there's nothing at all
