Give Me All Your Lovin'

3t

There were times when I just wanted to get the passion started
But I had to wait till you were mine
Every time we got together, I could tell that you were better
Than all the other girls in my life
And now that you're with me, I can see clearly, no doubt
It's worth all my time whenever I need
You always seem to know how to make it alright, when you
Give me all your lovin', girl
Give me all of you
(You make me feel so good inside)
(You know just what to do)
Give me all your lovin', girl
Give me all of you
(If you give me all your lovin', girl)
(I'll give my all to you)
Just so happy, you're my girl, let me show how much I care
When you need me baby, I'll be there
Wanna hold you in my arms, wanna keep you close to me
'Cause I know our love was meant to be
And now that you're with me, everyone can see, no doubt
You're the love of my life and forever we will be
Two hearts that beat as one till the end of our time
(Till the end of time)
Baby
Give me all your lovin', girl
Give me all of you
(You make me feel so good inside)
(You know just what to do)

Give me all your lovin', girl
Give me all of you
(If you give me all your lovin', girl)
(I'll give my all to you)
Give me all your lovin', girl
Give me all of you
Give me all your lovin', girl
Give me all of you
Give my love to you
Give me all your lovin', girl

Give me, give me
Give me all your lovin', girl
Give it to me, baby
All your lovin'
All your lovin'
All my lovin'
All my lovin'
Give me all your lovin', babe
Give me all your lovin', girl
Give me all your lovin', babe
Give me all your lovin', girl
Give me all your lovin', babe
Give me all your lovin', girl
Give me all, give me all
Give me all, give me all
