

# Seen It All Before (Live On KCRW)

Amos Lee

Go ahead baby, run away again  
Im growin' tired of chasin' you  
I know you only have time to love me  
You've got nothin' better to doWhos bold enough to believe  
In either love or war  
Both just leave you busted  
And broken down and wantin' moreBaby, Ive seen it all before  
You know that Ive seen it all before  
You know that Ive seen it all before  
I aint gonna be your fool anymoreI can hear my heart poundin'  
Oh, but I just cant decide  
Stuck between the depths of my fears  
And the peaks of my prideBaby, Ive seen it all before  
You know that Ive seen it all before  
You know that Ive seen it all before  
I aint gonna be your fool anymoreIve seen your tricks  
And I've seen your trade offs  
Ive seen your evil ways  
Ive seen everythin'  
Your twisted smile conveysAnd I aint gonna be your fool, baby  
I aint gonna be your fool, baby  
I aint gonna be your fool, baby  
I aint gonna be your fool, babyI aint gonna be your fool, baby  
I aint gonna be your fool, baby  
I aint gonna be your fool, baby, any more
