Victim of the Paranoid

Six Feet Under

I can't take it anymore
Got me hiding from myself
They put me away long ago
Another P.O.W.Lost my mind, now twenty years
Let it slip, not too far gone
Can't go on another day
Freedom in this day and ageIt's all just a fucking game
I'm not the criminal
I'm not the one to hate
Thrown away into the void
A victim of the paranoidVictim of the paranoid
A victim of the paranoid
Victim of the paranoid
A victim of the paranoidI feel like I'm living in another dimension
Misled minds keep on spreading confusion
Kill, kill, kill, kill, I want to kill them all
And put an end to their fascist laws
Open, open your mindVictim of the paranoid
A victim of the paranoid
Victim of the paranoid
A victim of the paranoidIt seems like such a waste of time
We all can't be this fucking blind
As I sit and wonder why
One more mind is locked inside
