

# Welcome To The Future

## Lektroid Feat Xidus Pain

When I was ten years old  
I remember thinkin' how cool it would be  
When we were goin' on an eight hour drive  
And I could just watch TV  
And I'd have given anything  
To have my own Pac-Man game at home  
I used to have to get a ride down to the arcade  
Now I've got it on my phone  
Hey, glory, glory, hallelujah  
Welcome to the future  
My grandpa was in World War II  
He fought against the Japanese  
He wrote a hundred letters to my grandma  
Mailed 'em from his base in the Philippines  
I wish they could see this now  
[Incomprehensible]'Cause I was on a video chat this morning  
With a company in Tokyo  
Hey, everyday is a revolution  
Welcome to the future  
Hey, look around it's all so clear  
Hey, wherever we would go and when we  
Hey, so many things I never thought I'd see  
Happening right in front of me  
I had a friend in school  
Running back on a football team  
They burned a cross in his front yard  
For asking out the home coming queen  
I thought about him today  
And everybody who's seen what he's seen  
From a woman on a bus  
To a man with a dream  
Hey, wake up Martin Luther  
Welcome to the future  
Hey, glory, glory, hallelujah  
Welcome to the future
