When Lips Meet

Eldest 11

With a deep seed planted in my chest made it so much
harder for me to believe that there was something more!
With a pen and paper as my only friend, did I endure? I adore, I love this...
This is pure, considering that I was D.O.A., Shell-Shocked, M.I.A...
Now I'm floating in the air with the butterflies, and the stars seem to stare (stare at me) I love this.....When our lips meet...I put the world aside, I put the world so far behind.....
When our lips meet...I put the world aside, I put the world so far behind.....and here I am...Sitting here with the first chapter that we start.
Well I have to say that your better than a dream, better than a dream...
With a foggy boarder surrounding me, and yet I shake every time she kisses me!
Benevolent biographies I have seen in my dreams...She is so lovely!
No longer D.O.A.! I am short winded, weak kneed and inspired to breathe...When our lips meet...I put the world aside, I put the world so far behind.....
When our lips meet...I put the world aside, I put the world so far behind.....Listen here, you don't have to say a word to me! I understand so perfectly!
So clear in my mind, when our lips meet I'm running all across the light!
I'm working my way to you, and I'm loving my way to you!
I keep feeling everything as the world runs around me and I can feel my heart breathe!
While I'm looking in her eyes seeing the light punch in the corner of eyes...and die...
Feel the butterflies move from the left to the right and switch sides...
We sway in the night time looking in stars eyes...
And I'm feeling everything move rotating around you!
I am so in love with this girl's lips.....When our lips meet...I put the world aside, I put the world so far behind.....
When our lips meet...I put the world aside, I put the world so far behind.....
So Far Behind.....
So Far Behind.....
