Love Never Fails

Jim Brickman

Love, love is patient, love is kind
Love, does not worry, does not boast
It is not proud, it is not rude, it is not easily angered
Love keeps no record of wrongsLove never fails, never fails
I promise you, my love will never fail
And I will give to you
Faith, hope and loveLove does not delight in evil
Love will always protect
Always trust and always hope and it will persevere
Love rejoices in truthLove never fails, never fails
I promise you, my love will never fail
And I will give to you
Faith, hope and loveLove never fails, never fails
I promise you, my love will never fail
And I will give to you
Faith, hope and loveBut the greatest of these is love
I'll give you love
