Die Trying (Ft Shaun Morgan)

[Art of Dying](#)

I think it's time for me to go now
I've done more harm than good
If I could change how this turned out, yeah
You know that I would
Sometimes the weight is more than I can hold
But I rather fail than not knowIf it takes forever
I will die trying
If it takes forever
I will die trying
I will die tryingI wish I knew then what I know now
But I'd probably do the same
I get the feeling that it's planned out
From the cradle to the grave
Sometimes the weight is more than I can hold
But I rather fail than never really knowIf it takes forever
I will die trying
If it takes forever
I will die trying
I will die tryingAnd I am digging a hole
I am taking it all
I am digging a hole
To bury my soul
I am diggingIf it takes forever
I will die tryingIf it takes forever
I will die trying
If it takes forever
I will die tryingIf it takes forever
I will die trying
If it takes forever
I will die tryingIf it takes forever (forever)
I will die trying
If it takes forever (forever)
I will die trying
I will die trying
I will die trying
