Contortion

Fight

See a world of suffering
Money sucking greed
Watch the human gluttony
All these mouths to feedContortion
Contortion in my head
Contortion
All I see is redRape the earth of everything
Shoot it through the brain
Man remains the carnivore
Selfish and insaneContortion
Contortion in my head
Contortion
All I see is redMoney sucking greed
All these mouths to feed
Shoot it through the brain
Selfish and insaneMoney sucking greed
All these mouths to feed
Shoot it through the brain
Selfish and insaneContortion
Contortion in my head
Contortion
All I see is redLive to take and take to live
Don't put nothing back
Bleed the system never give
Hung to dry and crackContortion
Contortion in my head
Contortion
All I see is redContortion
Contortion in my head
Contortion
All I see is red
