

Earthquake

Cardiknox

Just another girl from a small town with big dreams

Just another wild heart who's looking to break free

And the locks on the doors only make me want more of the crown

In the black of the night, there's a hum you can feel in the ground
There's a fire inside of my chest and it won't
ever rest

So light up a match because I'm never looking back

Yeah, burn it down because I'm not afraid to crash
I'm gonna rise like a phoenix from the ashes

I'm gonna fly right through the broken glass

And when my feet land on the dirt

You'll feel the ground shake

I'm gonna leave my mark

I'm coming like an earthquake

I'm coming for you

I'm coming for you

Before the dust even has a chance to settle down

Everything has already changed, just look around
There's a fire inside of my chest and it won't ever rest

So light up a match because I'm never looking back

Yeah, burn it down because I'm not afraid to crash
I'm gonna rise like a phoenix from the ashes

I'm gonna fly right through the broken glass

And when my feet land on the dirt

You'll feel the ground shake

I'm gonna leave my mark

I'm coming like an earthquake

I'm coming for you

I'm coming for you

The blood in our veins is still pumping away

We're alive

Yeah, the blood in our veins is still pumping away

We'll survive

Yeah, the blood in our veins is still pumping away

We're alive

Yeah, the blood in our veins is coursing through us like a train

We grab ahold of both the reins and we are not afraid to crash
I'm gonna rise like a phoenix from the ashes

I'm gonna fly right through the broken glass

And when my feet land on the dirt

You'll feel the ground shake

I'm gonna leave my mark

I'm coming like an earthquake

I'm coming for you

I'm coming for you

I'm coming for you

I'm coming for you
