Drug Of Choice

Amoral

Sex always sells, death is a thrill
Imitate my lack of patience
How much we pay to be tailor made
Fashions fade, the trends will changeNow what is your drug of choice?
Pick your poison and enjoy
What is your drug of choice?
Pick your poison and enjoyDisasterpation, the thrill of a nation
Temptation is for sale
Disasterpation, the death of a nation
Manipulate yourselfReality, scripted TV
Chasing fifteen minutes of fame
Fight over fuel, violence in school
The youth are as confused as I amNow what is your drug of choice?
Pick your poison and enjoy
What is your drug of choice?
Pick your poison and enjoyDisasterpation, the thrill of a nation
Temptation is for sale
Disasterpation, the death of a nation
Manipulate yourselfWe're so weak for blaming persuasion
Now the life's based on imitation
On imitation, on imitationSo what is your drug of choice?
Pick your poison and enjoyDisasterpation, the thrill of a nation
Temptation is for sale
Disasterpation, the death of a nation
Manipulate yourselfDisasterpation, the thrill of the nation
Temptation is for sale
Disasterpation, the death of the nation
Manipulate yourself
