DNA

Blackfield

DNA, welcome to my DNA
Stupidly you wants to stay
With my DNA
DNA, you cannot fix what you get
Things that I try to forget
In my DNACan you forgive me?
For things that I've said
Things that I've done
Go now and never come back
DNA, we all got expiring dates
Trust me there's no get away
From my DNA
DNA, Wires of sadness and pain
Always remaining the same, my DNA
Disarmed by the music, there's bombs in my head
You'll always get burned
Go now and never get backMy deadly venom, Soon I'll be dead
Go now my love
Go now and never come back
