Think Of Me

Dwight Yoakam

Think of me when you're lonely
Think of me when you're blue
Think of me when you're far away
And I?ll be thinkin? of you
Remember all of the good times
Let each day that goes by
Wipe away all the sadness
And any tears we cry
You told me you were leavin'
But wouldn't be gone too long
Now I hope and pray with each passin? day
To see you travelin' home
Think of me when you're lonely
Think of me when you're blue
Think of me when you're far away
And I?ll be thinkin? of you

I watch the mailman coming
I wait by the telephone
I meet the trains at the station
And spend my nights alone
But now the waitin' is over
Time has set the scene
?Cause God made me for only you
And only you for me
Think of me when you're lonely
Think of me when you're blue
Think of me when you're far away
And I?ll be thinkin? of you
Think of me when you're lonely
Think of me when you're blue
Think of me when you're far away
And I?ll be thinkin? of you
