

Pony Up!

Minus the Bear

You raise your eyes to mine
Like the sunrise
Your eyes move me
Like the nightfallHow can we claim that we know ourselves?
But you can only
How can we claim that we know ourselves?
But you can onlyYou raise your eyes to mine
Like the sunrise
Your eyes move me
Like the nightfallHow can we claim that we know ourselves?
But you can only
How can we claim that we know ourselves?
But you can onlyYou raise your eyes to mine
