

Howl

Kai Altair

Kiss me under the willow
Keep me under you pillow
Come on baby, you know I should go
But I'm so hazy, I can't get to the door

Aaaaaooooooooooooowwww....

Make me undo my halo
Take me some place only you go
Come on baby, baby, you know I should go
But I'm so hazy, I can't even say no

Aaaaaooooooooooooowwww.....

And I feel like there's something chasin' me now Aaaaoooww....
And I feel like you're throwin' chains around me AAooooow....

Aaaaaooooooooooooowwww....
