Angel

[Theory of a Deadman](#)

I'm in love with an angel
Heaven forbid
Make me a believer
With the touch of her skin
I'd go to hell and back with you
Stay lost in what we found

Worlds apart
We were the same
Until we hit the ground

Maybe I'm crazy
Maybe I'm weak
Maybe I'm blinded by what I see
You wanted a soldier
But it wasn't me
Cuz I could never set you free

So fly
On your own
It's time!
Let you go
Go

I'm in love with an angel
Who's afraid of the light
Her halo is broken
But there's fight in her eyes
Walls are built to keep us safe
Until they're crashing down

Worlds apart
We were the same
Until you hit the ground

Maybe I'm crazy
Maybe I'm weak
Maybe I'm blinded by what I see
You wanted a soldier
But it wasn't me

Cuz I could never set you free

So fly
On your own
It's time!
Let you go
Go

Walls are built to keep us safe
Until they're crashing down

Worlds apart
We were the same
Until you hit the ground

Maybe I'm crazy
Maybe I'm weak
Maybe I'm blinded by what I see
You wanted a soldier
But it wasn't me
Cuz I could never set you free

So fly
On your own
It's time!
Let you go
Go

So fly
On your own
It's time!
Let you go
Go
