Butterfly Potion

Foetus

name's joe....i used....i used to fix shoes....

fly across the ocean butterfly potion gougin at the eyeballs blow a hole in bedroom wall

flyin at the ocean
butterfly potion
gougin at the eyeballs
blow a hole in bedroom wall

hairs as red as nicotine round my jar of vaseline fly across the ocean butterfly potion

away we roll and away we roll....

weepin at the wall
where i crawl
nobody knows
'bout the blowjob in the hole

and away we roll and away we roll....

careful what you did phone the wife and kid fill up on a mile thru the turnstile, man

flyin at the ocean butterfly potion gougin at the eyeballs blow a hole in bedroom wall

hairs as red as nicotine round my jar of vaseline

fly across the ocean butterfly potion

away we roll and away, away, away, away we roll

away we roll and away we roll....
