

M.i.a.

Omarion

Fuck her, I don't care
[Verse 1 - Omarion]My new lady says she leaving me
Ah fuck her, I don't care
Plus I got another over there
She been wanting to be with me
Got her in her underwear
Gave her what she want, now she needed me
I got more of that coming over soon
Lingerie all up in my room
I'mma make this toast to that one girl I love, I still smell her perfume

[Bridge]Pour one up, now pour another
Pour one up, now pour another
Pour one up, now pour another
Numbing up

[Hook]Since you've been away,
Love's been MIA
MIA (3x)
Done looking for love, cause she took away her
Now I'm MIA
MIA (2x)
On love (2x)
MIA
Done looking for love, cause she took away her love
Fuck her, I don't care
[Verse 2 - Omarion]My new lady says she leaving me
Ah fuck her I don't care
Told me that she loved me, yeah
I just give them the scenery, they won't ever compare
To the one who still got it
I call her up but she won't answer
And she knows what I'm looking for
And she knows what I'm looking for

[Bridge]Pour me one
Pour one up, now pour another
Pour one up, now pour another
Pour one up, now pour me up some

Cuz I'm numbing up

[Hook]Since you've been away,

Love's been MIA

MIA (3x)

Done looking for love, cause she took away her

Now I'm MIA

MIA (2x)

On love (2x)

MIA

Done looking for love, cause she took away her love

[Wale]I be a rolling stone, missus, still tryna deal with ya
Loving too much will leave you blue and I ain't pledge Sigma

I'm a real nigga, giving feelings just ain't me

The more attention you give em, the more options they seek

Talk is cheap, knew I should've kept the receipt

She said she loyal, but all bitches gonna talk in the streets

That's how I play it, how I play it, all it is is game

As I hit another paper plane I'm MIA

[Hook]Since you've been away,

Love's been MIA

MIA (3x)

Done looking for love, cause she took away her

Now I'm MIA

MIA (2x)

On love (2x)

MIA

Done looking for love, cause she took away her love

Fuck her, I don't care
