

# Burning Farm

## SHONEN KNIFE

To this vast wasteland  
We will set a flame  
This is the beginning of our  
Burning FarmSmoke is rising to the sky  
And you and I beat the drum  
To the earth gods above  
You and I sing our songNow it is harvest dance  
Stamping down the ash to land  
Passing the holy wine cup  
We return to primitive manSmoke is rising to the sky  
Burning Farm
