

# Fall

## Brandy

I wanna loose  
Myself at love  
Let you  
Have me completely  
If I give you  
All my trust  
Can I just let me go  
Let me no be afraid  
To let you find my way  
Cuz when you  
Find someone  
Who means  
So much to you  
Giving all you got  
Is easy to do

Chorus:  
Just fall  
Don't be afraid  
Fall  
Cuz I'm on my way  
Fall  
With love and my faith  
(In love)  
Just fall  
it'll be ok  
Fall  
There's no other way  
Fall, just fall  
(In love)  
Just fall  
Don't be afraid  
Fall  
Cuz I'm on my way  
Fall  
With love and my faith  
(In love)  
Just fall  
It'll be ok

Fall  
There's no other way  
Fall, just fall  
(In love)  
I'm ready to fall  
Yeah  
fall, fall, fall

So I find myself  
Right here  
About to lean  
Over the edge  
In your arms  
I have no fear  
There is no  
Safer place  
Then here  
In your embrace  
So catch me  
If I fall

Just fall  
Don't be afraid  
Fall  
Cuz I'm on my way  
Fall  
With love and my faith  
(In love)  
Just fall  
It'll be ok  
Fall  
There's no other way  
Fall, just fall  
(In love)  
Just fall  
Don't be afraid  
Fall  
Cuz I'm on my way  
Fall  
With love and my faith  
(In love)  
Just fall  
It'll be ok  
Fall  
There's no other way

Fall, just fall  
(In love)

It's not easy giving up trust  
Yeah  
And not be scared a little bit  
Then your heart is questioning  
If you could really handle it  
(so wonderful our love baby)  
So will you catch me  
Save me  
Tell me I'll be safe right here

And if at all you're the one that's scared  
So baby, come and fall right here  
Yeah, yeah

Just fall, fall, fall  
Oooh, oooh  
Fall, oh fall, oh fall  
I want to fall in love  
just fall

Don't be afraid  
Fall  
Cuz I'm on my way  
Fall  
With love and my faith  
(In love)  
Just fall  
It'll be ok  
Fall  
There's no other way  
Fall, just fall In love

Just fall in love  
fall, fall, fall  
(fall, fall, fall) X2

Love, love, love  
In Love  
Yeah, yeah, yeah
