

# Sweat It Out

Elton John

No ceiling on hard living  
Peace keepers keep on breathing  
Can't deny eye for eye  
It's open season  
Dictate to my reason  
She devils ruling and Britain  
Hey girl, stick it in your purse  
Call it treason  
Band aids on dead doorways  
No heroes in the Bat Cave  
Don't give me Tears for Fears  
Give me tears of rage  
Fires burn in black smoke  
Oil slicks put us on the ropes  
Man it's hard to handle  
When the bank's broke  
Don't kow-tow, don't bow down  
Loosen up, get the lead out  
Backs up let them shout  
Backs up sweat it out  
When your back's up, sweat it out  
Backs up, sweat it out  
Hope froze in the cold weather  
No ice on a greasy river  
Liberty and John Doe  
Stand and Shiver  
War waits when the lines form  
The baby sitter in a uniform  
Knocking down your door  
For your rice and corn  
No ceiling on hard living  
Peace keepers keep on breathing  
Can't deny eye for eye  
It's open season  
Dictate to my reason  
She devils ruling and Britain  
Hey girl stick it in your purse  
Call it treason  
Don't kow-tow, don't bow down

Loosen up, get the lead out  
Backs up let them shout  
Backs up sweat it out  
When your back's up, sweat it out  
Backs up, sweat it out  
We don't kow-tow, don't bow down  
Loosen up, get the lead out  
Backs up let them shout  
Backs up sweat it out  
When your back's up, sweat it out  
Backs up, sweat it out
