Turn Around

Tonya Mitchell

What am I supposed to do
I can't believe it's really you
Cause it's been so long
Ever since you went away
I thought that all my feeling's changed
But I guess that I was wrong
And all the memories
That I left behind
In a moment they're all back in my mindSo turn around
Don't wanna let you see me cry
Don't know how
We ever could have said goodbye
Never thought I'd feel this way
Wish I knew the words to say
So turn around
I didn't know you're still inside
Now I found
All the reasons why
Never should have let you go
Wish I didn't have to knowIs it just the way you're looking at me
That's making me think I need
You to still be in my heart
Cause I remember that it had to end
But now I forget why we said
That we have to be apart
But we can't go back to what we had
But how can I go on
When this hurts so badSo turn around
Don't wanna let you see me cry
Don't know how
We ever could have said goodbye
Never thought I'd feel this way
Wish I knew the words to say
So turn around
I didn't know you're still inside
Now I found
All the reasons why
Never should have let you go
Wish I didn't have to knowCause looking into your eyes

I find to my surprise
The feelings always been there inside
So how did we let it end
And how can I just pretend
That I don't know you
Could have been there all alongSo turn around
Don't wanna let you see me cry
Don't know how
We ever could have said goodbye
Never thought I'd feel this way
Wish I knew the words to say
So turn around
I didn't know you're still inside
Now I found
All the reasons why
Never should have let you go
Wish I didn't have to knowSo turn around
Don't wanna let you see me cry
Don't know how
We ever could have said goodbye
Never thought I'd feel this way
Wish I knew the words to say
So turn around
I didn't know you're still inside
Now I found
All the reasons why
Never should have let you go
Wish I didn't have to knowSo turn around
Don't wanna let you see me cry
Don't know how
We ever could have said goodbye
Never thought I'd feel this way
Wish I knew the words to say
So turn around
I didn't know you're still inside
Now I found
All the reasons why
Never should have let you go
Wish I didn't have to knowSo turn around
Turn around
