

Heads/Tails

Hotspur

Call it in the air: heads or tails?
Heads we go to London and try to save the queen;
tails we go to Paris and try our hand in romance,
I need a chance to show you
that I'll take you anywhere,
so call it in the air.
It's midnight now
but I'll be up for hours.
Cuz something tells me you are not alone.
And I've made plans to walk and buy you flowers.
I'll throw them out before you get back home.
So let's let fate decide for you and me tonight
if there's half a chance we'll make it
then it's not too late to try.
Call it in the air: heads or tails?
Heads we go to London and try to save the queen;
tails we go to Paris and try our hand in romance.
Either way we're flying - and at least I've got a chance,
at least I've got a chance to show you
I can take you somewhere,
somewhere far away
from the shadows of this place.
Or somewhere where we could fall in love,
where we could fall in love, ohh.
It's 6am the sun is coming up,
something tells me I'm all out of luck (all out, all out).
Call it in the air: heads or tails?
Heads we go to London and try to save the queen;
tails we go to Paris and try our hand in romance.
I need a chance to show you
that I'll take you anywhere,
so call it in the air, ohh, call it in the air.
