

# It's Not About Santa

Scott Blackwell

It's not about Santa it's about the Christ  
born in a Bethlehem manger one night  
It's not about Santa it's about the Christ  
born in a Bethlehem manger one night

Christmas is here I've seen it time after time  
Christmas bells ring ringing that same old ring  
have they forgotten what it really means  
to busy waiting for what Santa's gonna bring

Don't they know that Christmas is more than a day of giving  
God's gift to us all was Jesus  
born on that day and He still is living

It's not about Santa it's about the Christ  
born in a Bethlehem manger one night  
It's not about Santa it's about the Christ  
born in a Bethlehem manger one night

Out in the streets I hear the carolers sing  
news of salvation and joy, songs of the newborn King  
Some people smile but they don't hear a thing  
Too busy thinking about what Santa's gonna bring

Don't they know that Christmas is more than a day of giving  
God's gift to us all was Jesus  
born on that day and He still is living

It's not about Santa it's about the Christ  
born in a Bethlehem manger one night  
It's not about Santa it's about the Christ  
born in a Bethlehem manger one night

It's not about Santa it's about the Christ  
born in a Bethlehem manger one night  
It's not about Santa it's about the Christ  
born in a Bethlehem manger one night

Down on their knees Oh how the children pray

but asking for presents is all that they will say

Don't they know that Christmas is more than a day of giving  
God's gift to us all was Jesus  
born on that day and He still is living

It's not about Santa it's about the Christ  
born in a Bethlehem manger one night  
It's not about Santa it's about the Christ  
born in a Bethlehem manger one night
