

Think Of You

Ms Mr

You got high off my devotion
Weak hearts as your crutch
Like some sick love potion
I was addicted to your touch
I carried your weight
And the burden of hate
The decadence of decay I still think of you
And all the shit you put me through
And I know you were wrong
I still think of you
And all the shit you put me through
And I know you were wrong
I know you were wrong You made pain your lover
Infidelity not discrete
I knew you found another
How could I compete
Abusive words covered me like dust
I wanted to know for sure
You only give loveless lust I still think of you
And all the shit you put me through
And I know you were wrong
I still think of you
And all the shit you put me through
And I know you were wrong
I know you were wrong Dark clouds follow you around
Your own worst enemy
Only picked me up to bring me down
Down down down down
Down
Down I still think of you
And all the shit you put me through
And I know you were wrong
I still think of you
And all the shit you put me through
And I know you were wrong
I know you were wrong I still think of you
And all the shit you put me through
And I know you were wrong
I still think of you

And all the shit you put me through
And I know you were wrong
I know you were wrong
