Say Goodbye

Gloria Estefan

I've seen and done it all it seems
I've cried for all it's worth a few times
I've lived and loved in search of truth
I've seen a lot of pain oh, oh, oh, to finally realize
The reason for this lifeIs to say goodbye to sorrow
Don't hang on to the tears we borrow
Say goodbye to sorrow and feel
That we are so free, we are freeI've seen the bottom once or twice
I've soared above the earth as suddenly
I've made a few mistakes, it's true
I've seen enough of hate, oh, oh, oh, to finally realize
There's not much more to lifeThan to say goodbye to sorrow
Don't hold on to the fears we borrow
Say goodbye to sorrow and feel
We are so free, we are freeWe may long for happiness
Pray to God that we be blessed
Save us from this lonelinessAfter all that I've been through
I believe the thing to do
Is to look inside of youAnd just say goodbye to sorrow
Don't give up all the years we borrow
Say goodbye to sorrow and feel
That we are so free, we are free
