The Suicide Machines

Destroy the world without a thought
Destroy our lives with your bug bombs
In our food and in our blood
Chemical death to the corporate slutPollute the earth with pesticides like DDT
Money, power, profit, gain is all you can see
Everyone pays when we take that route
Dirty water, overcrowded, it's time to take a time outKeep your head, use your voice
Speak your mind, you've got a choice
If no one cares, then nothing gets done
If no one speaks, what's done is donePollute the earth with pesticides like DDT
Money, power, profit, gain is all you can see
Everyone pays when we take that route
Dirty water, overcrowded, it's time to take a time out
